Your wedding day is one of the most momentous days of your life. And it's going to be a great day, full of emotion and happy memories! Your photographer will usually begin at your home, hotel, or church for preceremony photographs. Katie will work with the bride to capture those candid moments while she prepares for her big day while Steve shadows the groom as he gets ready. Together we will quietly shoot photos during the ceremony, if requested. After the ceremony, posed photography will include the immediate family and bridal party both indoors and outdoors if possible. During your reception, we will capture all of the highlights and candid moments. Your photographer will take photojournalistic photographs throughout your wedding day. The photographs will be taken with a high quality digital camera system. There is no limit to the number of images taken on that special day and it can easily exceed a thousand photographs. Once you have reviewed the photos we will make all of the photos available on our website for everyone to see. Secure storage that is only available to you and your selected family members is available for an extra \$50.

A **\$200.00 non-refundable deposit** to hold your wedding date is required. We accept cash and checks. If a payment plan is required, please ask, we would be more than happy to work with you. Finished orders take 2 to 4 weeks. Returned check fee is \$25.00

Our Commitment and Assurance to You

We will make every effort to provide you with quality portraits that will provide you many years of pure enjoyment. We will try to exceed all of your expectations with our photographic services. We have high standards of quality that we feel we must meet in the work we produce and sell.

With any photo shoot there is always the chance that something will go wrong. While the chances of total or even partial losses these days are slim with the advanced technology that is being used in the photography industry. There's always the chance that the inevitable will occur. Murphy's law.... Errors can be in part of the photographer, processor, equipment failure, etc. We sincerely hope this does not occur and we make every reasonable effort to reduce to possibility of failure.

In the unlikely event of a medical or family emergency that might put us in a situation that we are unable to control and resolve. Therefore at the very last moment our ability to serve you could be impaired. We are very glad to note that we have two well experienced backup photographers and assistant teams who may be able to step in and fill our place.

1. If we do have a problem with your event or portraits we will make every effort to correct the problem. If possible we will re-shoot part or all of what it takes to recreate the images. Then we will have it reprocessed and delivered to you at no additional costs to you.
2. If it's a loss that we cannot recreate. Such as a wedding event that is impossible to redo. We will issue either part of a refund for what you have paid that was lost, or an entire refund. If at all possible we will try to re-shoot at least part of the lost portraits.

Thank you for allowing us the opportunity to work for you.
We pledge to give it our "best shot".
